To Whom It May Concern:

I have had the opportunity to work with The Medicus Firm on several occasions and each time I have been pleased with the results. I find that they consistently follow through on the plans we establish, that they are very professional in their communications, and that they are extremely effective in their recruitment efforts.

They have successfully recruited two Hospitalists and an Oncologist for DCH, since I began working with them. The average length of time to fill those searches was 98 days and the fastest search was filled in 50 days.

They continue to work well with me and I would recommend them as a solid firm that delivers on its promises.

Sincerely,

Jeff Caples  
Director, Physician Services
