O'Bleness Memorial Hospital is a 114 bed independent community hospital situated in southeast Ohio. Because we are a small rural community, recruitment has been a challenge. In the past we have had marginal experiences and mixed results with other recruiting firms. The Medicus Firm is the best firm we have had the opportunity to work with.

We engaged The Medicus Firm on four separate searches and completed two of them within four months. We were more than pleased with the seasoned recruiter that was assigned to us, who came to our community to profile the opportunity and provided valuable feedback regarding the search. As opposed to just taking our search "as is," he offered suggestions on how we could better package the opportunity for a successful recruitment, which is exactly the result we got.

The TMF recruiter communicated frequently regarding the progress of the search and worked diligently to ensure that we had a successful outcome. O'Bleness' relationship with TMF has been a true partnership. The organization has gone above and beyond in bringing high quality candidates to O'Bleness, and we look forward to a long term partnership with them.

I recommend The Medicus Firm to anyone interested in successfully recruiting physicians to their facility. If you have questions about their efforts on our behalf or my experiences with them, please feel free to contact me at (740) 592-9410.
