RE: Letter of Recommendation

Dear Sir or Madam,

I am pleased to write on behalf of The Medicus Firm. Our FQHC has had an excellent experience with their recruiting team, and I felt compelled to write on their behalf.

We have been in a difficult situation where we needed to recruit an additional primary care physician for one of our locations. We had been actively searching for over six months with no results. Based on the successful relationship that the local hospital has with The Medicus Firm, we decided to engage their services to see if their approach would offer better results.

The Medicus Firm was retained in June, producing two candidates in the first 30 days, the quality of whom was better than any we had seen in the previous six months. We were able to quickly reach an agreement with one of the candidates. The Medicus Firm was able to complete the search, from engagement to contract, in less than sixty days.

Not only are these quick results exactly what we hoped for, but I was also pleased with how The Medicus Firm recruiter interacted with both our practice and the candidates. Our opportunity was presented accurately, we dealt with a senior level recruiter who handled all of the details for us, and the closing process and contract discussions were well orchestrated and executed.

We have found our partner for provider recruiting and are now having The Medicus Firm work on another search for us. We can recommend them without reservation.

Sincerely,

R. Stewart Barre, MD
