To Whom It May Concern:

I have been working with Robert Clarke and The Medicus Firm for over a year now. We have been working together on some tough rural primary care locations. We are finally successful! With Robert's persistence we have found the perfect fit for our rural practice. I would not have found this physician without Robert's assistance. Throughout it all, Robert has been a professional and with his communication, he is always available when I needed to get in touch with him.

I enjoy working with Robert and The Medicus Firm and would recommend them if you are looking for a physician recruiting firm.
